PROFILE

I have been working in property management in London since 2002 and I have achieved lots of experience in management, property search and rental for short and long let. After 2 years with Art & Space, an estate agency, and 7 years working as a sole trade I have decided to open my own company called A Home To Rent. I am very passionate about my job and I like to work under pressure either alone, or within a team. I feel very responsible for all what I am doing, I always try to make my clients and guests happy giving the best service I know. We have a very good reputation and we want to keep it always like that.
